

Tennessee Walking Horse National Museum

The Tennessee Walking Horse National Museum located in Wartrace, TN is working on their next feature exhibit related to "things/items" that owners/trainers have used to promote their horse. Things like whittling sticks, buttons, pins, fans, hats etc. They want things from ALL disciplines! Contact them at 931.205.1683 or email twahnmuseum@bellsouth.net if you have something you want to loan or give to the museum. Better yet you can bring it to the museum and see what they have on display. The Museum needs your support so it is able to keep telling the stories about this beautiful animal.
