

Join Or Renew And Be Counted

Lewisburg, TN – Per the Tennessee Walking Horse Breeders' And Exhibitors' Association (TWHBEA) by laws, May 1st of each year is the deadline for determining how many directors will be elected from each state, province, country or region. That determination is made based on the number of members in each area. In order to ensure that your state, province, country or region has the representation that it needs and deserves, you need to be sure to join or renew your membership by May 1st.

Membership with TWHBEA has many advantages. In addition to giving you a voice in determining the future of the Tennessee Walking Horse, membership includes access to all of TWHBEA's programs, valuable discounts at top retailers, the ability to conduct business at member rates and one free foal registration or transfer per year. These are but a sampling of member benefits. For more information please visit www.twhbea.com or call 931-359-1574.
